

What we need from our **CLIENTS** is:

HARRIET COOPER ... what we need from our **SYSTEMS** is:

All I want is to be able to spend more time in my own bed than in a hospital bed.

Are the **ECONOMICS** of our **HOME DELIVERY** program both **SUSTAINABLE?** and **SCALABLE?**

... and are we still **THINKING** the **SAME** way we always have? ... Where each agency has different mandates clients funding sources

... What is our **COMPELLING** reason to all come to the table together and create a **VIRTUAL and INTEGRATED SYSTEM** based on **TECHNOLOGY** and info. **SHARING** which requires that each agency enters into a common **GOVERNANCE** system

by a process of **ORGANIC EVOLUTION** and **INNOVATIVE DISRUPTION**
